FOREWORD

"The need for adopting and implementing Lean practices as the only means to face the tremendous, forthcoming challenges is greater than ever"

Dear Delegate(s),

When is the right time to go lean?

When things go well (but everybody is so busy...)

When things start being turbulent (but everybody then fastens seat-belts...)

When things are really tough (and everybody panics...)

Possibly, this is the last chance of shifting direction for those "traditional" organisations that now experience

turbulence, instability and

ineffectiveness as never before in their history.

We intend to prove that it is never too late, provided there is appropriate drive by Top Management in getting really

leaner.

We GUARANTEE that you will leave this workshop with the knowledge and tools to improve the value proposition of your organization!

EVENT OUTLINE

This event is a very interactive workshop, an open conference, and a continuous round--table debate, aiming at transmitting basic LEAN MANAGEMENT concepts and principles to attending managers in a practical, hands--on, result--oriented fashion.. Effective ways of progressing rapidly from principles to implementation will be illustrated.

Delegates will be requested to present the main problems they are facing in the present economic times. The appropriate Lean Topic suited to face effectively those problems will then be illustrated.

The main Lean Topics covered in this event are:

- Performance. Why many private enterprises and public/semi-public organisations don't "perform".*
- The key to World-Class Performance in all Industrial, Commercial and Business Sectors: Lean Thinking.*
- The pre-requisites for World-Class Performance and for effective Lean Management.*
- The resistance and opposition thinking to the Lean transition.*
- Value Adding Management in Industry: the pilot light and driving philosophy for the new millennium. Focusing on processes to maximise value and eliminate waste.*
- Deploying Lean Management in different industrial, business, and public sectors.*
- Lean Management and Technology.*
- Lean, Industrial Culture: the heart of Lean Management.*
- The role of Top Management in "fabricating" and instilling lean culture.*
- Lean Management and People. How to insert people in value-generating processes.*
- How may Unions contribute to the common, lean target?*
- Thinking. The ultimate resource.*
- Lean Organisation Management.*
- Implementing Lean Management Organisation-wide: the Lean Master*

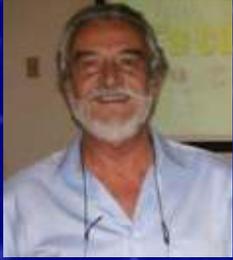

*Networking
function and open bar
from 5pm*

Timings

Registration will be at 08:00hrs with event beginning at 08:30hrs. There will be a 15min break in the morning and afternoon (at approx 10:15hrs and 15:00hrs respectively) and lunch will be served at 12:30hrs. Session will conclude at 17:00hrs. All times are approximate due to the interactive and intense nature of the workshop.

Your Facilitator

Dr Carlo Scodanibbio

Dr. Carlo Scodanibbio is an internationally renowned Trainer, Speaker and Industrial Consultant with over 45 years of experience in Plant Engineering, Project Engineering, Project Management, Industrial Engineering and Operations Management. A free-lance Consultant since 1979, he has worked in a wide spectrum of companies and industries in many countries including Cyprus, Italy, India, Saudi Arabia, Malta, Namibia, Kenya, Botswana, Malaysia, Mauritius, Romania, Turkey, Lebanon and South Africa.

Carlo has co-operated, inter-alia, with several organizations such as Italian Chambers of Commerce and Industry, Cyprus Chamber of Commerce and Industry, Cyprus Productivity Centre, Malta Federation of Industry, Malta Chamber of Commerce and Industry, Mauritius Employers' Federation, Romanian Paper Industry Association, United Nations Industrial Development Organization, Federation of Kenya Employers and University of Cape Town.

Enthusiastic, optimistic and a dynamic facilitator, Carlo has been a frequent instructor and speaker at seminars and courses attended by well over 19,000 participants. Carlo, holds a doctor degree in Electrical Engineering from Politecnico di Milano, and has written numerous articles and research papers which have been actively published in many manufacturing newsletter, bulletins and international magazines.

""An excellent course. I believe that any seminar whichever must be conducted by someone who is capable, has true art of teaching, brilliant, ready to help, smart to the point, assuring, good observer, and with comprehensive knowledge, as Dr. Carlo Scodanibbio. I have enjoyed the course and learnt to my entire satisfaction. (S. Eraddun. Desbro Int. Mauritius)"" "

WHO SHOULD ATTEND THIS PRESTIGIOUS EVENT:

High and Mid-Level Operational Managers (Operations, Production, Quality, R&D, Engineering, Maintenance, HR, Administration, Financial, Commercial, Service, Procurement...) from all-sector private Businesses and Organizations

(manufacturing – continuous process – commercial & trading – service establishments – project/contract-driven – professional service providers – education establishments – etc.) of all sizes and from public/government bodies – from South Africa & neighboring countries

The very small enterprise (up to 25 employees) will particularly benefit from participating in this course
